### WAGE INCREASES ABSORB PROFITS.

Railroads Give Reasons for  
Advance in Rates.

Fifty Millions Extra Paid  
Out in Three Years.

Pennsylvania, and Baltimore  
and Ohio Hard Hit.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
WASHINGTON, Dec. 10.—Decrease in the purchasing power of a dollar has affected American railroads quite as seriously as it has the American citizen, according to statements made today before the Interstate Commerce Commission at a hearing on the proposed 1 per cent. advance in freight rates by railroads in eastern classification territory.  
It was pointed out by Charles A. Conant of New York, introduced by the railroad counsel as an economic and expert in monetary matters, that while the average receipts of the railroads a ton per mile had declined 4.5 per cent in the last ten years, the cost of commodities had increased in the same period 17.5 per cent. He figured that the purchasing power of each dollar of freight revenue received by the railroads now is only 10.5 per cent of what it was a decade ago.  
Statistics were submitted to the commission to show that for twenty-nine of the thirty-eight railroad systems, parties to the proceedings, the increase of wages, alone, for 1912 over 1910, amounted to more than \$41,000,000, due to advances in wage scales and to changes in working conditions.  
At the conclusion of today's hearing, the adjournment without definite date was taken.

**WALSH'S TESTIMONY.**  
John C. Walsh, of the Baltimore & Ohio Railroad, testified as to the wage increases which have been made by the railroads, participating in the petition for an increase in freight rates. In part he said:  
"Estimates of twenty-nine of the thirty-eight railroad systems parties to this proceeding show an increase in wages for 1912 over 1910 of \$41,000,000, due to changes in rates of pay and working conditions."  
In addition to the increase up to June 30, 1912, careful estimates show that the increase in wages recently granted to the firemen, conductors and trainmen will add not less than \$1,150,000 more to the expenses of the railroads parties to the respective arbitration proceedings, this estimate being based on the volume of business for the calendar year, 1912.

**PENNSYLVANIA WAGES.**  
George R. Patterson, counsel for the Pennsylvania Railroad, said that the award of increased wages made to the firemen would cost the Pennsylvania \$500,000 a year, and that the more recent award made by arbitrators to the conductors and trainmen would have an added burden of \$1,200,000 a year.  
No part of this increase, he added, was included in the figures of operating expenses already filed with the commission in the pending case.  
Vice-President Maxwell of the Walsh system supplemented his testimony given at the previous hearings with details of statements of the recent expenses and operations of railroads in central freight association territory. They indicated that the roads had earned no dividends upon the new capital invested in 1912 and their gross revenues were much less in 1912 in proportion to the amount of capital invested than in 1910.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
WASHINGTON, Dec. 10.—Reviews of the relief work in the Ohio flood zones, the Omaha tornado, the Volturno disaster and in other emergencies, were presented in annual reports here today to the yearly meeting of the American National Red Cross Society.  
President Wilson presided at the afternoon session, when it was announced that Mrs. Russell Sage, John D. Rockefeller, Mrs. E. M. Harriman and James A. Sweeney had pledged a \$200,000 fund upon which Congress has made a conditional \$400,000 appropriation of a building in Wash-

ington in memory of women who served in the Civil War. It will be used as a headquarters for the American National Red Cross Society.  
The building is to be named the "National Red Cross Building" and will be a fitting memorial to the women who served in the Civil War.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
NEW YORK, Dec. 10.—Witnesses who saw Anna Muller and others who found portions of her body after the Hudson River, testified for the state at the trial today of Schmidt, the former priest, as it he was a disinterested spectator. His statements on every point that would support their contention that he is insane. On the table before him lay the saw and the knife with which he had dissected her body. To these exhibits he paid no heed. He was unmoved when a stenographer read his confession to the police and a physician told minutely of the manner in which the victim's body had been dissected.

## BUD CONFIDES IN WARNACK.

Newspaper Criticism Fails to Worry Him.

Sent Word to His Sister as He Fought.

Ate Ice Cream at Dawn with Defeated Foe.

BY HENRY CHRISTENSEN WARNACK

"Tell her it's a cinch."

This was the message Bud Anderson gave his manager, Dick Donald, after the second round of the fight at Vernon arena Tuesday night.

A minute later a gleeful young woman with blue eyes and boundless enthusiasm was ardently and ecstatically hugging Mrs. Donald and the hug was returned with compound interest.

Miss Beale Anderson descended upon Los Angeles from Vancouver, Wash., Tuesday at 1 o'clock and immediately joined Mrs. Donald at the Congress Hotel. She had come for the fight she might not see, but of which she could hear by rounds in her own room over the telephone.

"I couldn't wait back there in Washington for a telegram that might not be delivered until today," she said. "I saw Bud's first big fight and I'll never forget how anxious I was. It is bad enough to be where you can see it all or hear of it as fast as it happens, but to be hundreds of miles away would be unbearable. I will always follow his battles as long as he will stand for me."

Bud grinned sheepishly and fondly at the animated little maid.

"I guess that will be for good and all," he said. "She is the best mascot a fellow ever had. I remembered every round last night that Rose was at the other end of the wire hearing the right thing."

The Donalds and the Andersons will now take a house in Los Angeles and divide their time between here and Wheeler Springs until Bud's match on New Year's Day, which will probably be at Vernon again and with Leach Cross. His brother, Fred, will not be with them for the holidays, as he is a grocery clerk at Upland, excepting for the ten days that he comes down to spar with the coming young champion.

"Of course, I want to try for the big thing," Bud said yesterday. "A man gets a start who does not hope to get to the top. If I get to fight Cross New Year's Day and whip him, Ritchie cannot deny me a battle. All I wanted this time was to show that I could come back and I think I am here. I certainly do not feel alone."

"I do not mind the criticisms of the papers about my campaign last night. It was not good fighting against Cross or Brown or Ritchie, but I was not fighting them. I was fighting Barrieau and the fact that I put him out ought to be proof enough that my tactics were right for him."

The writers say I did not cover enough. What was the use? He hit me once and I saw he could not hurt me. Opening myself to him led him into clinches and this was my opportunity for the fighting which first clinched, then weakened and finally finished him.

"Besides, you must not imagine that I was open simply because I looked that way. That was only my invitation to him to waste into me. I was always ready to dodge, and the blows that he did land were only glancing. My head went with the blow instead of stopping it in every instance and there was no fear."

"In a fight I never show any more than I have to. I am not fighting the audience nor am I trying to please them. I forget they are there, but I never forget the man in front of me and I never stop watching what he is up to."

"I never expect to fight twice in the same way. How could you? There are no precedents in the ring. Every fight is a new condition and victory or defeat depends entirely on your ability to meet the new condition exactly as it confronts you. When I fought Brown they said I could not fight. That was because he would come to me and I did not have to. When I fought Mandot, they said I could not box. That was because he kept away and I did not need to box. The only important point to me is that I whipped both men. I have fought forty-eight battles and have won most of them with a knockout. The only adverse decision I ever had was with Cross when I sick."

"I am not afraid of Cross next time. My fighting will go just as well with him as it did with Barrieau and I will have the chance to do more boxing. If I need to cover, then I think I can take care of myself, and as for my legs, I guess I know what to do with them. Legs will do two things if you set them to work at it. They will run to a man or they will run from him. I should not worry my critics that I use mine for running into trouble, as long as I come out of it right side up with a fighting smile."

"I want to be understood as saying that I do not know how I will fight Cross next time and that the way I have fought him or any other man"

## CHICAGO WON'T MEET HARVARD.

BY A. P. NIGHT WIRE TO THE TIMES

CHICAGO, Dec. 10.—The University of Chicago, through its board of physical culture and athletics, declined today to meet Harvard in a football game next fall. The board expressed appreciation of the invitation for a game at Cambridge, but decided that it was not advisable to schedule games with teams outside the "big nine" conference.

## JOE BERGER MAY BE SENT BACK TO THE HENBERRIES.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Dec. 10.—[Exclusive Dispatch.] Joe Berger, second-sacker, may not be with the White Sox next year. The German may be told to pack his grip and hike westward before another campaign gets under way. This is according to the latest dope, which has stated Callahan's crack fielder for a job with Berry's Los Angeles club of the Pacific Coast League.

Berger was given a year's tryout after being turned back once for more seasoning, and while his fielding has been excellent, his hitting has been a missing quantity, and it is the man with the heavy war club that Callahan is going to favor next season.

If Berger is turned loose by Callahan it means that either Russell Blackburn or Jimmy Breton will be assigned the regular second sack berth.

## The Light Weight Champion.

Willie Ritchie.

The picture above was posed especially for The Times when Ritchie was last in Los Angeles. It shows how he delivers the famous blow with which he has won most of his fights.

## RITCHIE HAS BAD NOSE AND BOUT IS CALLED OFF.

Coffroth Postpones Bout on Account of Rain and Then It Develops that the Champ Had an Abscess in His Nose—Made the Weight Easily and Would Have Gone on Had Coffroth Insisted.

[BY DIRECT WIRE TO THE TIMES.]

AN FRANCISCO, Dec. 10.—[Exclusive Dispatch.] The Willie Ritchie-Harlem Tommy Murphy twenty-round fight for the lightweight championship of the world has been called off.

Following the early postponement of the match because of rain, and at that time with the understanding it would be held if possible tomorrow night, it developed that Ritchie had late Tuesday night suffered an abscess on his nose that required an operation at 1:30 o'clock this afternoon.

He intended to fulfill his engagement tonight, weather permitting, but when Promoter Jim Coffroth had called for a postponement and the boxers had made the required weight, Ritchie considered he had carried out his agreement so far as his forfeit of \$2000 was concerned.

He refused to consider making weight for a match tomorrow night and declared under the circumstances

## DROUILLARD AND MANDOT IN HOT EIGHT-ROUND DRAW

[BY DIRECT WIRE TO THE TIMES.]

ETROIT, Dec. 10.—[Exclusive Dispatch.] Fatsy Drouillard, Canadian lightweight champion, earned the right to travel with the top-notchers of his weight by boxing Joe Mandot of New Orleans in an eight-round draw before the Windsor Athletic Club tonight. The bout was fast from start to finish, both men fighting cleanly and cautiously little exertion on the part of Referee Harry Ballou.

Possibly Mandot landed the greater number of blows, but they did not carry the force that Drouillard's did. The former evaded several wicked punches by clever footwork. The contest was an even thing for the first five rounds. Joe had the better of the sixth and seventh, but Drouillard had the advantage in the eighth, a hard right to the mouth, staggering the New Orleans fighter in this period. Both boys finished comparatively fresh and were unmarked. Drouillard's friends were slated over his showing.

## MOTOR CARS READY FOR INLAND TOUR TO SAN DIEGO

Schedule Arranged by Chairman Joe McDuffee Meets with Approval of Committeemen L. T. Shettler and Earle Y. Boothe—Score of Cars to Leave Ninth and Broadway Early This Morning for Long Run.

BY BERT C. SMITH.

MORE than a score of automobiles will be started this morning from Ninth and Broadway on the Automobile Dealers' constant tour from Los Angeles to San Diego. The cars will be sent away from the starting line by J. H. McDuffee, chairman of the tour, who is in charge of all the details.

The cars are to be routed over the El Monte boulevard to Pomona on a schedule ranging from twenty-two miles to twenty-three miles an hour for the run of thirty-five miles. Secret controls have been established and the officials will be placed there by Chief Checker Charles Du Mars. The cars will run into and out of the controls on the way to Pomona, where a stop of one hour has been planned.

After leaving Pomona the red arrow signs will conduct the dealers to Ontario, where another stop will be made. The schedule to Ontario is twenty-one miles an hour and after the machines have been packed there for thirty minutes the tour will be continued on through Upland, on a schedule of twenty miles, and thence over the Fontella boulevard to San Bernardino, where a schedule of twenty-four miles an hour is allowable. This is the fastest run of the entire tour.

From San Bernardino the cars will be sent to Redlands on a twenty-two mile run. The evening control will be at Redlands, and the night stop will be at Riverside, and Frank Miller of the Glenwood Inn will do the honors. Here the cars will be parked and placed on exhibition with all the dealers prepared to show their 1914 models after a run over the roads.

AT MISSION INN. After a night of enjoyment at the Glenwood, when the results of the day will be announced, the dealers will be prepared for the second day's run. As a solo for the rough roads they will encounter in Riverside county, Frank Miller has arranged to hold a short meeting to host the proposed bond issue for Riverside county. The need of better roads in that beautiful county will appeal at once to every motorist who is on his tour of inspection and retrospection.

San Diego is the goal of the second day's run. On Friday morning at 8 o'clock the cars will be sent away from the Riverside Mission Inn. The bells will chime as the cars are leaving and the setting which has been arranged by Landford Miller will be in keeping with the city of Riverside and the surrounding country. The tour promises to be one of the most interesting ever planned.

From Riverside the cars are to be routed over the Box Springs grade to Perris and Elmore. There will be a short stop at Perris and another stop at the Lake City, Elmore. The schedule from Riverside to Perris is twenty-two miles an hour. The controls have been established here, and George Adair will see to it that the right men are hidden in the woods or behind the barns where each can keep tab on the contestants.

Another brief stop will be made at Temecula and at Pala, the Mission City, another stop will be made and the tourers can enjoy some of the historic sights of the grand old settlement, where the Mission Fathers spent so much of their time in the early days teaching the Indians how to be men.

From Pala to Escondido the cars can be driven on a go-as-you-please schedule, as there will be no contest there because of the many roads leading between these two points. The tourers are advised to go by way of Valley Center.

O. K. Parker, engineer of the Automobile Club of Southern California, started yesterday morning over the route to place the dial signs on the best roads out of Pala. By following these signs, and with the help of the arrows, it should be easy to find the best route into Escondido, the noon control.

FROM ESCONDIDO. J. H. Heath, secretary of the Chamber of Commerce of Escondido, in a letter to Chairman McDuffee tells of the arrangements made at the noon control and also points out the best route through the hills of Pala. Here is the letter:

"To J. H. McDuffee: "Dear Sir: As secretary of the Chamber of Commerce, I am taking up with our directors the matter of doing something in the way of extending the glad hand to the people who will make the tour through our city. We have arranged to have our band at the hotel during the stay here. "Speaking about roads, it seems to me that you would get a much better service by routing through the hills of Pala. ## PORTLAND COLTS PICK UP SEVERAL BUSHERS.

[BY DIRECT WIRE TO THE TIMES.]

AN FRANCISCO, Dec. 10.—[Exclusive Dispatch.] Nick Williams, manager of the Portland Northwest League club, is making the best of his stay in San Francisco. Today he signed up a couple of local semi-pro players, who promise to make good. One is Jerry Coleman, the catcher, and the other is John O'Donnell, a pitcher. Both were recommended strongly to Nick, and

will be accorded a thorough tryout. Nick has not selected a training camp as yet, but in all probability he will locate at Santa Rosa, where he was treated loyally last season.

"Young Bull" Croll, the 18-year-old Alameda shortstop, is creating a stir among a couple of Northwest League managers. Spokane and Portland are both after him, and it is likely that the youngster will follow his older brother into the national pastime.

Too Much Class.

## MIKE GIBBONS MAKES A SHOW OF "WILDCAT."

[BY DIRECT WIRE TO THE TIMES.]

NEW ORLEANS, Dec. 10.—[Exclusive Dispatch.] It took Mike Gibbons, "The St. Paul Phantom," just one round and about one minute of time tonight to demonstrate to Clarence "Wildcat" Farns of Kansas City and the boxing fans of New Orleans that the former is in a class all by himself as a fighter at his weight. In this time Gibbons gave a very pretty exhibition of boxing, blocking and old-fashioned "in-and-out" work, and then, just as if to show the crowd he could fight as well as box, he felled Farns into a lead with a left and shot a right to the point of the jaw, but Farns down for the first of four knockdowns, the first

three of which lasted nine seconds each. The last brought Referee Dick Burke to Farns' rescue with the signal for a cessation of hostilities, when Burke raised Gibbons's hand in token of victory and then led Farns to his seat in the corner.

In other words, Farns was stopped effectively, really before he got warmed up, and though the crowd little doubt that Farns would have made a strenuous effort to get to his feet before the animal ten could have been counted over him, and there was a possibility that the bell might have saved him. Referee Burke's action was commended by every spectator at the ring-side. It was a case of a very game fighter being defeated by one of the greatest boxers in the world.

## TRACK SEASON STARTS TODAY.

Trojan Squad Out for Cross Country Honors.

Friday Oxy Men Also Hit the Open Road.

U.S.C. Novice Class Meet on for Next Week.

BY OWEN R. BIRD.

The southern fall track season will officially open this afternoon when the entire Trojan cross-country squad is out for the first cross-country run of the three scheduled before the first annual intercollegiate cross-country competition, which is to be held over the Occidental course next month.

At the present time there is a rather promising long-distance squad in training at the university. Of course, it must be remembered that most of the men now out are green and before they can be expected to produce much in the way of class, will require a great deal of coaching.

The run today, all the men are to be started on scratch and the new hands will be given no shade over the varsity men, who are also entering for the first time in this sort of work. The performances of Robb, Warner, Giesinger and Trotter in the distance work thus far have been surprising and all four look good as grand possibilities this year.

THE VARSITY VETERANS.

Barger, Thyon, Smith, Torrance and Swigert are the varsity men who are expected to be well up in front this afternoon. The course is two and one-half miles in length and will be started with one lap around the track, on Harvard field, then to Exposition Park and around the track there, which is one mile, then back to the varsity oval for the finish. The next run will be over a three-mile course and the last one will cover three and one-half miles, which is the distance as the Occidental course. In this way the Trojan runners will get worked up to the limit for the regular competition.

In speaking of this intercollegiate cross-country running, I might state that this feature of athletics has been lacking in this portion of the state for some time. In the most recent year, such college is to be represented by a two-man team. The Trojan expect to enter two and Pomona will probably have a like number in the field. If the Tigers develop enough material in the coming handouts over the course Friday, they may be represented by two teams also, which would make the field a large one in which keen competition would be practically assured.

CROSS-COUNTRY SCORING.

The team making the lowest score is the winner, that is to say, the first man in score one point for his college, the second two points, and so on, the place numbers of all ten men on each team are added and the total counts as the team's score for the race. Under these conditions it can be easily seen that the men coming in from third position to fifteenth, have a great deal to do with the winning tally.

No cross-country run is ever won until the last man has either dropped the tape or been declared out of the race. For instance, one of Comstock's U.S.C. warriors might drop out and then the next ten men to cross the tape might come from Pomona and Occidental. This would give Pomona or Occidental the best chance to win, as all the U.S.C. men coming in after the tenth runner would add heavily to the U.S.C. score, making it almost impossible for them to win. We have never had any cross-country running here before, in an intercollegiate sense, and I think that adding this feature to our sport calendar will mean a great deal to our track men in general.

On Friday the Occidental Tigers expect to send about 25 men away in the annual handicap run over the cross-country course. Of course, Bill Smith will be on scratch as usual and will probably win the race at that, as Bill is some young gent at this sort of thing, but there are a number of dark horses lined up for the event, and Fipal hopes to discover some new material.

One week from today there is to be an interclass meet for novices, held at U.S.C. All the varsity men are to be spectators at this time, but the following week are to be sent through their paces in short-distance events, at which time the novices are to be on the line.

The freshmen are considered the probable winners of this meet, but the upper classmen say that they are holding back several surprises.

## YANKS PURCHASE OUTFIELDER WALSH.

(BY A. P. NIGHT WIRE TO THE TIMES.) NEW YORK, Dec. 9.—Jimmy Walsh, outfielder of the world's champion Athletics, became the property of the New York American League club today when President Frank Farrell sent a check, understood to be for \$4000, to the Philadelphia management, thus closing a long pending deal. Walsh comes to the New Yorks on an agreement between the club and Connie Mack in midseason when Frank Chance let Claude Derrick go to Baltimore at Mack's request, the latter agreeing to give Chance the pick of three outfielders, Walsh, Daley and Dannie Murphy.

## PELKEY IS READY FOR GUNBOAT SMITH.

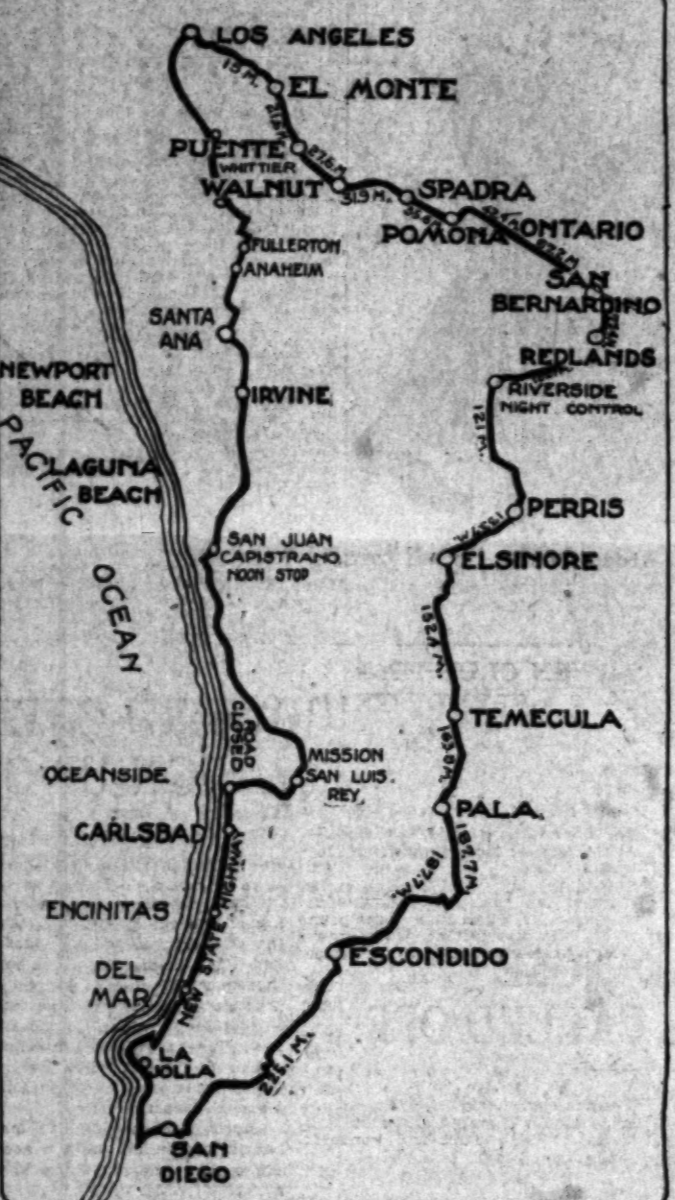

(BY A. P. NIGHT WIRE TO THE TIMES.) SAN FRANCISCO, Dec. 10.—Arthur Pelkey, who since his defeat of Luther McCarthy claims the world's heavyweight championship among the pale-skinned, arrived at San Francisco from the North last night to complete training for his fight with "Gunboat" Smith here on New Year's Day.

Pelkey reports himself in fair condition now, having done some boxing before leaving Calgary. Smith has been on the ground for several days, adding Tommy Murphy prepare for his bout tonight with Willie Ritchie, the lightweight champion.

Pelkey weighs 210 pounds and will have to take off only about five pounds to get in fighting trim.

## FERNANDO TURKEY SHOOT.

Blue rock target shooters are to hold a turkey shoot at San Fernando on Saturday and Sunday next, with additional prizes of cash, pipe and traps. Firing is set to commence at 8 a.m.

Route of the Automobile Dealers' Consistency Tour, which will be started today. Above is the man who will conduct the tour, Joe H. McDuffee, holder of the first Vanderbilt trophy and one of the best-known automobile dealers in the industry. Maps for this route were furnished by the Automobile Club of Southern California. The course was mapped by Chairman McDuffee in a Stearns Silent-Knight six-cylinder.

## Confides in Warnack.

(Continued from First Page.)

In the past I have had nothing to do with my next battle with him or with anyone else. The fight then will be what it is and I shall take it on the terms of the night. If they call this a fight without a head I am perfectly satisfied to keep up my headless work. My idea of a heady fight is to do the thing that's needed at the minute it is required.

"Do I miss my appendix? No, I have made a comforting discovery about that article. A man does not fight with his appendix. It is useful to him when his anatomy is being used as a playground at a hospital, but the doctors are perfectly welcome to mine. I can get along amazingly well without it. Neither loss of a head nor of an appendix and a wife, and you know I have neither. I would just as soon not have the one in the name of the other."

Of course you will understand that these are not the identical words of Anderson, but every thought is his. I have simply shared my verbiage with his opinions.

He is a good little philosopher and definite and adequate just as far as he goes. He wasn't a bit hurt by the bath he took the morning after he was sent to the hospital, and he had breakfast with his sister and fought the fight over with her, spent the morning with her, lunched with her and brought her to our engagement at Uncle Tom McCarty's office in the Washington building.

## Motor Cars Ready.

(Continued from First Page.)

Pauma ranch, through a portion of which you passed last evening. Instead of turning back at the junction of the road leading to Palomar Mountain, keep straight ahead through the Rincon Indian reservation, leaving the road to Warner's ranch on the left and crossing the San Luis Rey River, thence up the grade and over the highlands to Valley Center. You will find the road that way much better than by way of the old Pala grade and the Keyes Canyon to Valley Center.

From Escondido the cars will follow the Murphy Canyon road, which is the best route by way of the Poway grade to San Diego. The Poway grade is in fine shape and the Murphy Canyon road also is good. The schedule is easy and the controls are so placed that not one of the men has any idea where the spotters are located.

Yes, I know the controls, but Earl Y. Bothe is the last man on earth to even suggest that any of the information gleaned by the checkers. Right pathfinding tour be divulged for his benefit. He says it is so easy to beat Ralph Hamlin that he does not intend to follow today by the checkers. Both Bothe and L. T. Shettler are members of the committee, and the tour will be conducted along the same lines and with practically the same rules that governed The Times to Lakeside tour, one of the most successful runs ever staged in the West.

## OWEN BIRD'S COLUMN OF VARSITY COMMENT.

California Takes Decided Stand—Rugby Union Apparently in Rather Bad Way—Three Ways of Settling the Matter—No Union at All Best Policy—American Players Ready to Fight for Old Game. L.A.A.C. to Meet Arden Club Saturday.

BY OWEN R. BIRD.

RECENTLY, when one of our young friends, ambitious, but essentially warped, decided to change the style of football played at the University of California, he stirred up a lot of bitter feeling and nearly cost a coach his job by putting words in that worthy's mouth which had no place there and never came from that source. However, some good generally seems to come from at least one angle of every boot.

Now we know just how California stands in regard to the matter. In a letter received yesterday from the north I am told that the State university will not drop Rugby, even if they are forced to depend on intercollegiate games for competition. The student body likes the game, the faculty will have no other and the players say that it is the only thing. Can you ask for more?

Not Clear Yet.

But the fact that the Bears intend to keep on with the English game, does not, by any means, clear up the northern Rugby situation. Right now the Rugby Union is going through the fire and water test, with the indication that it will be both burned and drowned.

The Three Solutions.

Right now the present Rugby Union is not strong enough to cope with the intercollegiate situation arising on the Coast. There are three possible solutions now before the three universities of the State, Stanford, California and U.S.C.

The first, is to form an intercollegiate Rugby union, to have jurisdiction over all games between colleges and between colleges and clubs. This would work a hardship on the little fellows, say the clubs, and would hamper general activities at a time when a team like the All-Bucks was playing in this country.

Second, is to do away with the Rugby Union altogether in regard to intercollegiate relations, both with clubs and between colleges and universities.

The third is to make the present union stronger and fit it with power, so that it can and will have an iron grip over the varsities.

Thinks Union Useful.

This last step will never come about, the colleges will not stand for it; they do not have to, in any event; the intercollegiate games are the big drawing cards and the money-getters.

The first proposition may be the way, but would probably make it tough sledding for the clubs. The second is almost a personal matter at California and U.S.C., while at Stanford they do not seem to be at all sanguine about the athletic directors at California, in a letter to Manager Edward of U.S.C., yesterday, said that he thought the Rugby Union was useless and that

weight, Ritchie, without removing his undergarments, dropped the scales and they failed to budge.

Murphy stripped down, was on the scales and there was nothing to indicate that he was near the ponderous condition of Ritchie's nose.

Then it was, when Coffroth suggested a postponement to this evening that the facts in the case as regards the condition of Ritchie's nose became public property.

Even so, however, during the present year, since Pelkey and Gunboat Smith are on the boards for New Year's Day and will have full away for the next three weeks.

TEN-ROUND SCRAP IS AWFULLY FAST

(BY WIRE WIRE TO THE TIMES.) RACINE (Wis.) Dec. 10.—[Exclusive Dispatch.] Marty McCue of Racine and Tommy Breenahan of Chicago fought ten vicious rounds to a draw here tonight. In the last four rounds the two fought toe to toe in the center of the ring swapping punches. Breenahan's experience helped him to weather the ten rounds, but he was always willing and had McCue breaking ground many times during the battle.

The boys started off at a terrific clip. The first three rounds were even, with plenty of action. Breenahan was first to draw blood, opening an old cut on Marty's mouth in the second. Breenahan took the lead in the fourth, rushing McCue all over the ring, finally backing him up in a neutral corner and planting rights to McCue's mid-section.

MAILMASTER WINS.

NEW YORK, Dec. 10.—[By A. P. Night Wire.] Bob Mailmaster, the California middleweight, made his first appearance in the East here tonight in a ten-round bout with Young Mike Donovan of this city, and cleverly outpointed him throughout. Mailmaster weighed in at 155 pounds and Donovan at 155.

DISCUSSION  
OF DEMANDS.

## Magnates Talk Over Players' Recommendations.

## Tinker Trade Causes Much Comment.

## Giants Figure on Startling New Trade.

(BY A. S. WHEAT WIRE TO THE TIMES.)  
NEW YORK, Dec. 10.—The National League baseball club owners, in annual session here, deferred settlement of any of the problems facing them today until they could learn the views of their newly-elected president, Gov. John K. Tener of Pennsylvania, whose address on the occasion of his installation this afternoon contained an assurance that he would work to put the national game on a higher plane than ever.

Chief among the issues the league faces is that involving the seventeen demands of the Baseball Players' Fraternity. This matter, it is expected, will come up in executive session tomorrow. After the formal ceremony of inducting Gov. Tener into the presidency, the magnates adjourned until tomorrow morning.

None of the club owners would discuss tonight the new president's view of the franchise's demands. It was pointed out, however, that an average professional baseball player, Mr. Tener was secretary of the old Brotherhood, which revolted and set up for itself. Some of his friends said his policy toward the players would be to give them more freedom than they enjoy now and that most of the owners would follow him in this.

It was believed tonight that the National League would take no official notice of the Federal League. Several club owners favor the policy of ignoring that organization altogether, except to resort to legal means to prevent players from jumping contracts. Several magnates claimed today that no players had informed them that they had agreed to quit the National League if the players' demands were not granted. They professed to place no credence in reports of wholesale defections emanating from Federal League quarters.

The Tinker trade still hung fire tonight. President Charles H. Ebbetts of the Brooklyn club repeated today his \$15,000 offer for the Cincinnati shortstop. The Philadelphia club, it was said, was willing to give Doolan and a pitcher, but insisted on Rizer or another twirler.

The possibility that Roger Bresnahan, the Chicago catcher, would be the Cincinnati team's next manager, was apparently disposed of in a long-distance conference between Ackerman, representing the Cincinnati club here, and Manager Johnny Rivers. It was said that Rivers refused to give Bresnahan and Carrigan for Tinker. Secretary John R. Foster of the New York club and President Schuyler Britton and Manager Miller Huggins of the St. Louis club, conferred this afternoon. The subject of their talk, it was reported, was a deal which would bring Konechny and Macree here in exchange for Merkle, Snodgrass and Herzog. Herzog was quoted as saying he would refuse to play with any western club.

Perhaps.

On Landing from Steamer Cub Magnate Talks of Real Money and Flashes a One-Dollar Bill. Didn't Know Joe Was on the Market.

(BY WHEAT WIRE TO THE TIMES.)  
NEW YORK, Dec. 10.—[Exclusive Dispatch.] Charles W. Murphy, president of the Chicago Cubs, returned from abroad today on the Olympic. "Say for me," he said at the pier, "that I will give more real money for Joe Tinker than any other man."

As he spoke Mr. Murphy loosely unbuttoned the right side of his coat and pulled a dollar bill out of his pocket.

"See that," he continued, "that is real money."

"Charles Ebbetts is said to have offered \$15,000 in cash for Tinker for the Superbas," observed a reporter.

"Well, I'll pay more than that for Tinker. He is a grand ball-player. I thought he was manager of the Reds. What is all this talk about his being on the market?"

Murphy was informed that Tinker had expressed a desire to return to the Cubs.

"I want him and will pay the price for him," was his comment. I can't say what I will do in the matter until I see Mr. Ebbetts. I did not know that Tinker was to quit the management of the Reds."

LONDON, Dec. 11.—By Cable and A. P. According to the Times the yacht Shamrock IV, Sir Thomas Lipton's challenge for the America's cup, will probably be launched in April and be ready for trials in May. The yacht will be as extreme a type of boat as the rules will permit, with a tremendously long overhang and an abnormal sail spread.

FREE THEATER TICKETS  
FOR THE OWNER'S NAME.

THE merry little guessing contest is on. It began yesterday with a burst of speed when the contest editor had the healthy outdoor exercise of opening over 250 letters, the writer of each one being sure that he recognized the owner of the beautiful optics and requesting immediately the theater tickets offered for the correct answer.

The answers ranged all the way from Julia Marlowe to Helen Cherry of the celebrated Cherry sisters.

Several picked the famous Melba. Others said Selma Paley.

One (doubtless a press agent) said Mary Pickford, while several are quite sure that the eyes belong to Ellen Beach Yaw.

Nobody, however, mentioned Joe Rivers or Sparkling McCloskey, and both of these individuals are deeply grieved.

The contest will continue today and answers will be received at the Times office until 10 o'clock tonight.

The winners of the five pair of theater tickets and the real owner of these "bead windows" will be announced in tomorrow's Pink.

WESLEYAN CALLS  
OFF YALE GAME.

(BY A. S. WHEAT WIRE TO THE TIMES.)  
MIDDLETOWN (CT.) Dec. 10.—Manager Francis B. Upham, Jr., of the Wesleyan University football team, announced tonight that Wesleyan has declined to meet Yale on the gridiron next fall. Since 1899 Yale has opened each season against Wesleyan and an invitation was extended to Wesleyan again this year, but because the game is too hard on the Wesleyan players for the first of the season, it was deemed advisable to decline.

WAIT FOR  
THE INCOMPARABLEMidwinter Number  
OF THE TIMES

OUT JANUARY 1, 1914

The Greatest Special Edition of a  
Newspaper Ever Published

Intensely interesting and beautifully illustrated, the forthcoming edition of the Midwinter Number of The Times will graphically describe and realistically picture the climatic charms and scenic grandeur of happy, sun-kissed Southern California, and will be redolent of the fragrance and beauty which here abound throughout the year.

Its five magazine parts, comprising 160 pages, will contain more authentic and trustworthy information about California; exploit its marvelous resources to a greater extent and describe more golden opportunities in every line of human endeavor than any other magazine ever offered to the public.

The achievements of the splendid men and women, who are building an empire in the Southwest, will be detailed and the unprecedented development and progress made by Southern California in commerce, manufacturing, science, art and civic growth will be enlarged upon.

This elaborate, comprehensive special edition will be invaluable to every resident of this commonwealth, and it will point the way to happiness and fortune to people in other sections of the country whose eyes are turned westward.

California cannot be advertised in a better or more effective way than by sending to out-of-town friends a copy of the forthcoming Midwinter Number of The Times, which in every respect will be the master product of American journalism.

stating about the rooms were Mrs. George J. Davis, Mrs. James Calhoun Drake, Mrs. Allen G. Baker, Mrs. Hancock, Mrs. J. W. Jefferson, Mrs. J. W. Bryant, Miss Daphne Drake, Miss Constance Byrne and Miss Sarah Clark. This evening Mr. and Mrs. Sartori will preside at a dinner of twelve covers.

**Recent Affairs.**  
An interesting event of recent date was the bridge party given by Mrs. William Harrison Fuller at her home, No. 517 West Thirtieth street, honoring about fifty friends. Old rose mistletoe green were the colors used in decorating the hostess wearing a dainty creation of the old rose with a corsage of mistletoe as a finish. Tally cards in rose tints were adorned with hand-painted sketches of the greenery, and the loss in old rose were topped with a spray of the mistletoe. In entertaining, the hostess was assisted by Mrs. Henry A. Powell of New York, Mrs. James G. Grady, Miss Lena Thorpe Shettler, Mrs. Robert Reid and Miss Grady. Dainty prizes were captured by Mrs. Carolee, Mrs. McCrester, Mrs. H. J. Whitley and Mrs. Shettler.

**Mrs. Miner to Estancia.**  
Mrs. Randolph Huntington Miner will be hostess on Saturday at a "dinner" when she will compliment her young debutante niece, Miss Daphne Drake, who was recently introduced at a large reception and ball given by her parents, Mr. and Mrs. James Calhoun Drake of South Hoover street.

**Miss Phillips to Wed.**  
Mrs. Albert A. Phillips of No. 5393 Echo street announces the engagement of her daughter, Miss Chloe Phillips, to E. Earle Rabe of this city. No date has yet been set for the wedding.

**To Honolulu.**  
Mr. and Mrs. Emil Firth and daughter, Miss Mildred Firth, of No. 879 Westmoreland avenue, plan to sail from San Francisco, December 17, for a trip to Honolulu. They will spend several days in San Francisco upon the return trip.

**At Beverly Hills.**  
Mr. and Mrs. E. Mattinson are domiciled at the Beverly Hills Hotel for the winter. Among the enjoyable affairs of recent date there was a luncheon given for Mr. and Mrs. George A. Craig of Washington, D. C. The tables were artistically decorated with roses and gypsophylla. Among those present were Mr. and Mrs. George A. Craig, Mrs. E. W. Firth of Pasadena and H. C. Cross, N. M. Van Brunt of Venice, Cal., was the recent host at a dinner at the hotel, at which he entertained a number of his friends.

**Club Party.**  
Members of the Crescent Bay Bachelors' Club have issued cards for an informal reception party to be given at the Venice Country Club tomorrow evening. The young people will be chaperoned by Mrs. Robert A. Phillips and Mrs. Sidney Smith.

**Sister Honored.**  
Mrs. Charles E. Smith of No. 4112 Kingswell avenue, Hollywood, recently entertained with a dinner party in honor of her sister, Mrs. Bert Hart of Lansing, Mich. The guests included Mrs. Harry Snyder, Mrs. Fred Hill, Mrs. H. F. Bach, Mrs. Charles Cummings, Mrs. H. Van Loan, Mrs. L. Graves, Mrs. J. E. Young and Mrs. Van Wormer.

**Guests of Parents.**  
Mr. and Mrs. E. W. Mansfield of New York City are guests of their parents, Mr. and Mrs. Harry Mansfield, of No. 5111 South Flower street.

**Engagement Announcement.**  
Mrs. Rafaela Eyrand of No. 1748 Roosevelt avenue announces the engagement of her daughter, Miss Bertha Mae Eyrand, to Elliott House, a recently married young business man of this city. The wedding will take place after the holidays.

**Violin Dinner.**  
Mrs. J. E. Brownrigg presided over an enjoyable dinner party recently at her home, No. 1121 West Twenty-eighth street. A gold basket filled with violins graced the center of the table, and hand-decorated violet cards marked covers for Mr. and Mrs. J. E. Brownrigg, Mr. and Mrs. W. A. Anderson and Mr. and Mrs. Brownrigg. Games of cards were enjoyed following the dinner.

**Five Hundred Party.**  
Complimenting the alumni of the Entre Nous Society, Mrs. L. Norris entertained with a delightful five hundred party at her home, No. 1921 West boulevard. The rooms were aglow with holly, berries and violets. Miss Bailey was the guest of honor. Forty guests were entertained, and assisting the hostess were Mrs. J. E. Brownrigg, Miss Ruth Elder, Miss Elsie Behrmer, Miss Marjorie Hoffman and Miss Ethel Forsythe.

**Dinner at Del Monico's.**  
Capt. and Mrs. William Kelly of No. 941 Potter park avenue entertained recently with a dinner party at Del Monico's, followed by a box party at the Orpheum. Those included were Mrs. Mae Terry Logan, Madame Sonerman, Miss Matilda Sonerman, Capt. J. Webber and Jerome King.

**Auction Bridge Afternoon.**  
Mrs. Fred Hudson of No. 371 Occidental boulevard entertained informally with a bridge afternoon at her home recently. The rooms given over to the affair were aglow with marigolds. Mrs. W. R. Wharton was prize-winner. Others present were Mrs. J. Murray Page, Mrs. Robert Hardy, Mrs. Jessie Cairns, Shoshobon, Mrs. Alcock Jones, Mrs. H. W. Wangenheim, Mrs. Clarence Penn and Miss Greenwood. Dainty refreshments were served.

**Front-Share in England.**  
[Indianapolis News.] There were 141 firms that had adopted the profit-sharing system at the end of last June, according to returns issued by the Board of Trade of England. This number compared with 136 a year previously. The amount allotted to 104 workers aged 18 years and over averaged 5.3 per cent to their wages. In 1912 ninety-three of the firms distributed bonuses which amounted to \$1,412,446. This was handed to 87,677 workers, each of whom received on an average of 52¢.

CANDY SHOP AT MOROSCO.

Dainty Sweets Are Girls Instead of Bon Bons.

"Little Women" Delightful Majestic Attraction.

Variety and Picture Houses Announce Bills.

The stock of sweet and palatable things in "The Candy Shop," the big Gaiety success that reopens the Morosco Theater next Monday night, is said to be inexhaustible. It is fortunate that this is so because, judging from the career of this sparkling confection so far, the demand is likely to be as big and as insistent in Los Angeles as it has been elsewhere.

"The Candy Shop" comes to the Morosco direct from a record-smashing run at G. M. Anderson's new San Francisco playhouse, the Gaiety, which it opened early last October. Its production there was at once a revelation and a revolution. Revolution because it showed the kind of entertainment everybody had been waiting for, but hadn't believed possible; revolution because it started the public wondering how such a production could be offered at the low price-schedule and still leave a handsome profit for its enterprising promoters.

G. M. Anderson ("Broncho Billy") and J. J. Rosenthal have apparently solved the problem to their own and everybody else's satisfaction, and the whole country now has its eyes turned toward California, where the practicability of giving a \$2 show for a dollar is being clearly demonstrated.

Heading the big cast of clever people in the "Candy Shop" are William Fitch and Maude Fulton, in half-a-dozen of their crackles, specialties as well as their regular work in the play; Al Shean, Will Philbrick, Oscar Ragland, Gus Lindesha, Mary Ambrose, Bessie Franklin, Kitty Doner and a host of the prettiest girls, dancers and singers that ever smiled across the footlights of a Los Angeles theater.

**Majestic.**  
Not in years has such interest been aroused over the presentation of a play as followed the announcement that William A. Grady is to present at the Majestic on Monday night, Marian de Forest's stage version of Louisa Alcott's charming story, "Little Women." The boxoffice has been nearly swamped with mail orders and requests for reservations are coming in from out of town, for everybody wants to see the dear, familiar characters in the most popular story ever written, as they will appear on the stage, no longer drawn from a story book, but living, breathing realities.

"Little Women" will be costumed and furnished in the quaint fashion that is in the original, a faithful presentation of the original story showing Meg, Jo, Beth, Amy, Laurie and the other delightful characters. "Little Women" is in real life the life of the Alcott family. Miss Alcott herself was the original of Jo; Meg was her older sister, who really died, whose death in girlhood cast a heavy shadow over Louisa; Amy was the artist of the Alcott family, whose early drawings, frescoes and statues are still preserved in the Alcott homestead at Concord, Mass.

Every one of twelve parts in the play is said to be cast with the admirable precision which characterizes perfect dramatic technique and the stage settings will be found ideal. In the company are such well-known players as Maude Fulton, Jane Marbury, Jean Brae, Lillian Dixon, Helen Beaumont, Frank McIntire, Marshall Birmingham, Robert Selmar Romane and Donald Gallaher.

**Burbank.**  
"The cutest girl that ever came to town." That seems to be quite the consensus of opinion of "Little Miss Brown." Philip Bartholomae's clever comedy, which has been seen by big audiences to the Burbank Theater, and which is unquestionably one of the funniest and most thoroughly-acted plays that has been seen on the Burbank stage.

The success of "Little Miss Brown" is no doubt due to the wonderfully artistic performance of Selma Paley in the title role. Miss Paley has achieved many brilliant successes before in musical plays and straight dramatic offerings, but her little Miss Brown is unlike anything in which she has ever been seen and has proven the finest thing she has yet offered.

**Orpheum.**  
This will be the last week at the Orpheum of Kathryn Kidder and her company in "The Washwoman Duchess"—an act admittedly the peer of any the Orpheum has yet offered—but that is no sign that the coming week will not contain promise of much entertainment at this premier vaudeville house. Kathryn Kidder, who has been with the Orpheum since 1914, and her company and Joe Welch that is assured on the stage, especially Miss Yaw will vary her programme of songs completely. But the incoming acts themselves are of unusual merit.

by George Holland, and is "Fixing the Furnace"—enough said. The three Collegians will bring the spirit of the college life and gaiety in their songs, patter and dances, and all will combine with the aforementioned holdover to make the whole bill one of merriment, lightness, song and dance. Of course, there will be the usual symphony concert and the nation review of world's news.

**Empress.**  
"Mutt and Jeff in Panama," now running at the Empress at popular prices, has already proved one big show, and its stay will continue through the coming week. This affair is not to be taken too seriously, as most folks know: it is merely a farce of the broadest sort, with Mutt and Jeff as the pivotal characters. They are on the stage most of the time, and between whiles, the excellent chorus does itself proud. The show is absolutely clean; there is a suggestive line pose or gown in it, and the fun, though broad, is bright.

Coming to the Empress Theater next week as the headline attraction of a splendid new bill of seven shows, and a Conside feature, will be another one of Roland West's companies, presenting a new playlet of stage life, "Behind the Scenes." This is a delicious little comedy of life behind the footlights, presented by an excellent company of four, and it comes to the Empress Theater with the reputation of being one of the cleverest things that has been seen over the circuit this season. Mr. West has provided several fine playlets this season, every one of which has scored a distinct hit, and his name as the producer of "Behind the Scenes" should be a guarantee that this is of unusual worth.

The second feature of the new bill, and one that should be of extraordinary interest, is the Five Old Veterans in Blue, an organization of old Grand Army men, who will play old-fashioned tunes in the old-fashioned way on their fiddles and cornets they carry through the Civil War, while they also tell interesting stories of the war times that should prove most entertaining to everyone. This company represents a combined age of over 150 years, the youngest member being 19, while the oldest of these entertainers in blue is 55.

**Pantages.**  
Laurie Ordway returns to Pantages next week. The "Militant Suffragette" has been resting in the East since her last appearance here. Two other famous vaudeville women are listed with the coming show, making it a decidedly feminine affair. Heading the cast of "The Apple of Paris" is Miss Mini Amato, whose interpretative dance are world-famous. "The Apple of Paris" is a Frenchy affair with Aurelio Coccia and a cast of twelve supporting Miss Amato.

Martin Munson and her company offer "The Kidnapping of Bianca," in which Miss Munson plays six of the seven characters. Frances Le Maître, fancy skater; Baine and Baker, two San Francisco ragtimers, and Walker Brothers, the Mexican athletes, are also promised.

**Hippodrome.**  
Advance announcement, made by Manager Fountain of the Hippodrome, indicate that the bill which will be staged at the popular Main-street playhouse next week, beginning with the matinee Monday, will be of unusual interest.

It will be headed by "The Old Veteran Firemen," who have an engrossing sketch, requiring a cast of seven. Other acts on the new bill will include "The Lesson with an American comedy juggling novelty; Rochester and Lavalyn, pretty girls, who sing and dance; Floyd and a great tight-wire act; the Four Nelsons, Comiques, in comedy acrobatic and gymnastic novelties; Madame Lloyd, who can really dance; Nardini, the world's greatest female accordionist, and three splendid photoplays.

**Woodley Theater.**  
The receipt of more than 500 letters in the past week attests the interest being taken by moving-picture patrons and music lovers, in the announcement made the other day that Manager Woodley of Woodley's Theater on Broadway, opposite the Majestic Theater, had invented a device by means of which the many-moth multiple organ could be played from the keyboard of the Steinway Grand piano.

A striking programme is being worked out that will show the new trend of the music and public performance will undoubtedly be given later this week or by Monday next at the latest.

**Sothern and Marlowe.**  
When it is taken into account that E. H. Sothern and Julia Marlowe are to present eight plays during their forthcoming two-week engagement at the Majestic Theater beginning Monday, January 1, one can have at least a glimmering idea of amount of work that these two favorite stars lay out for themselves. Of course, the burden of keeping up a company of nearly seventy in eight plays to the crescendo of efficiency falls upon Mr. Sothern's shoulders.

But it is a tradition of the theatrical business that he is a worker of inexhaustible energy. It is considered a tollsome undertaking for an actor to play a new part each week, but here is a company that puts on a new play each day. Considering the large fortunes that both Mr. Sothern and Miss Marlowe have amassed, it is some wonder that they should continue at their task from year to year with enthusiasm for their work.

She's some Bernhardt.

But really she is Maude Fulton, feminine star of the Gaiety Company, which comes to the Morosco next Monday with "The Candy Shop," in which the sweets are all pretty girls.

PARENTS WAIT  
ANOTHER YEAR.

Provisions Run Low in the Arctic Expedition.

Eight Ministers Marry Two Christian Workers.

Society Dances the Tango at Coming-Out Party.

PARADISE, Dec. 11.—Mrs. C. W. Lettingwell of San Rafael Heights, mother of Ernest DeKoven Lettingwell, the Arctic explorer, who, last spring, went north with the Stefansson expedition, holds out no hope now that her son will be able to return home until next fall, anyway. When he left Pasadena it was with the intention of coming back sometime during the past month.

He was not a member of the Stefansson expedition, but as he was about to return to Pasadena, he was told that his son had been for two years, to procure instruments that were left behind, and to complete some unfinished work of the geographical survey. Stefansson invited him to accompany the party that for.

The last word his parents had had from him was a letter written last August, in which he stated that the ship on which he had taken passage was fast in the ice.

Mrs. Lettingwell, who has anxiously been gathering scraps of news from the north about the party, believes her son and other members of the party now to be safe on Flaxman Island. But many of the provisions which she thinks he was aboard, and as there will be little opportunity to obtain more, the conditions are grave.

The revenue cutters and whalers on which Lettingwell has in the past depended for passage make the trip north in the spring of the year and return in the fall. It is too late now for Lettingwell to return on any of these and next fall is the earliest time he will be able to start south, his mother believes.

Lettingwell spent part of last winter in Pasadena with his parents and the rest of it in Washington, working on the results of his northern trip, and the government will probably avail itself.

THE KNOT TIGHTLY.  
No fewer than eight ministers of different denominations, including the Rev. J. P. Miller, treasurer of the Los Angeles County Christian Endeavor Union, and the Rev. J. P. Miller, of the Los Angeles County Christian Endeavor Union, were present at the wedding of the daughter of Mr. and Mrs. J. P. Miller, which was solemnized last Tuesday night at the home of a brother of the bride, Mr. J. P. Miller, No. 445 North El Molino avenue. Three of the clergymen took part in the ceremony, and the Rev. J. P. Miller, of the Los Angeles County Christian Endeavor Union, administered the Lord's Supper afterwards.

The three who acted as couple are Dr. Laplace McFarland of Berkeley, and Dr. Robert Freeman and Dr. John Gilbert Bliss of this city. The others are Rev. T. C. Horton, Rev. Howard W. Kellogg, Rev. John H. Hunter, Rev. James Pratt and Rev. Jesse F. McKnight.

The bride is the daughter of Mr. and Mrs. J. P. Miller of No. 445 Maple Way, and the groom is a prominent church worker. She has held the office of new couples for three consecutive years. The bridegroom was

formerly president of the California Christian Endeavor Union, and he is a member of the committee that made the arrangements for the recent International Christian Endeavor Union convention in Los Angeles.

The house where the wedding took place was magnificently decorated with cut flowers and long strings of white lights.

The bride wore a gown of white tulle over cream satin, trimmed with silver beads.

A reception followed the wedding ceremony. Mr. and Mrs. Miller will be at home to their friends after January 15 at No. 425 Maple way.

DANCE THE TANGO.  
Mrs. Louis Blankenhorn of Markham street gave at the Valley Hunt Clubhouse yesterday afternoon a coming-out party for her daughter, Miss Barbara Blankenhorn, which was an innovation.

The affair instead of being the conventional reception, where a mother introduces her daughter to hundreds of her friends, was a more elaborate affair, the hours being from 4 to 7, and the invitations limited almost exclusively to the younger dancing married set, bachelors, and maidens, and young friends of the debutante.

Xmas handkerchiefs, hand-made and embroidered, were given to the guests, and the young ladies, who were seated at the entrance hall, where the hostess and her daughter received, and the dining-room, where tea and ice were served during the hours of entertainment.

In the living-room bouquets of magnolia and quantities of asparagus ferns made the decoration, and potted palms and ferns were used in the hall, where the guests were given by long-stemmed American Beauty roses. The tables and tabernacles were decorated with bouquets of beautiful blossoms were placed near the receiving party, these being gifts to the young debutante.

The ballroom was decorated with potted palms and ferns, and the plants and ferns half-concealed the orchestra, which was placed upon the stage. The dining-room pale pink carnations and ferns were used on the table and the windows were adorned with trailing vines of asparagus ferns, dotted with pink carnations.

Mrs. Blankenhorn wore a handsome gown of black brocade satin and carried a bouquet of American Beauty roses. Miss Blankenhorn's gown was white, with a black belt and a black sash, and she wore a tango cap of pearls, which was extremely becoming.

She carried a shower of pink roses and lilies the valley. Presiding at the table in the dining-room were Mrs. Charles Frederick, Charles D. Duggett, Albert Sherman Hoyt and Benjamin Folson, each handsomely gowned and wearing hats to correspond with their costumes.

The ballroom presented a pretty picture with its throng of elegantly-gowned women dancers with their escorts, and many of the new dances, including the tango, hesitation waltz, the Boston, and other popular dances, were danced in the Valley Hunt Clubhouse for the first time. There were about 100 present.

YET ANOTHER.  
Another burglary has been added to the list of recent house-breakings in Pasadena. The house of Mrs. G. H. Hogan, president of the Knights of the Tournament, reported to the police yesterday that his home, No. 127 North El Molino avenue, was entered by a burglar, or burglars, through a rear window, which was pried open.

Two silver spoons are all that was taken. Mrs. Hogan is in the East and her husband is in the city. The burglars were seen entering the house at about 10 o'clock, and the valuables had been placed in a safe deposit vault.

The burglar who rode away from the house after he had ransacked it on a bicycle belonging to the Hogan chauffeur. The police are following him and on searching found it some distance from the house. Why the burglar should have ridden on it for

so short a distance and then abandoned it is mysterious to the police.

HEAD-ON COLLISION.  
Mrs. E. N. Davidson of Alhambra suffered several scalp wounds, and Walter Siebert, a youth of this city, a broken arm, in a spectacular automobile accident that occurred yesterday afternoon at the corner of East Colorado street and El Molino avenue.

Mrs. Davidson was going east and young Siebert was coming west when their automobiles collided.

The seat of the lighter car, in which Siebert was riding, was cleaned off the car as it had been made of paper. Witnesses declare that Siebert was driving his car at high rate of speed.

KNIGHTS HAVE A BANQUET.  
Having learned how to ride their horses by arduous practice at Tournament Park, the Knights of the Tournament assembled at the Hotel Maryland for a banquet last night to discuss other matters pertaining to the part they are to take in the Tournament of Roses. They will ride in a body in the floral parade.

The Royal Oak Club, a similar organization, will likely come to Pasadena to take part in the New Year parade. The Knights of the Tournament of Portland, who made such a good showing here last year, will probably not come this year.

JURY GOES OUT  
FOR THE NIGHT.

Can't Settle Poisoning Case in a Few Hours.

Through Service Saturday on New P. E. Line.

New Union Polytechnic High School Planned.

(BY DESK VOTE TO THE TIMES.)

SAN BERNARDINO, Dec. 10.—[Exclusive Dispatch.] Apparently unable to agree, the jury in the Dave Williams case, who are sequestered at 10:30 o'clock tonight, after five hours' and fifteen minutes' deliberation. No word came from the jury after it took the case in hand.

The jurors have two theories to select from based on the circumstantial evidence as outlined to them in the four hours of argument this afternoon.

That Williams poisoned his aged wife to secure her property and his matrimonial freedom to marry another. Or that Mrs. Williams took the drug herself as an opiate and then prompted by revenge for her husband's alleged unfaithfulness, attempted to fasten the guilt upon him.

Dist-Atty. R. B. Goodell moved some of the jurymen to tears with his argument.

THROUGH SERVICE.  
Announcement is made that the through service between this city and Riverside will be begun Saturday morning with an hourly service between the two cities from 6:45 to 11:30 in the evening.

The event will be celebrated with a gathering at the new Pacific Electric station at Riverside, where the Pacific Electric will participate.

To President Shoup there is perhaps a little of the service on the occasion. He began his railroad career twenty years ago by selling tickets in this city for the old steam motor line between San Bernardino and Riverside, now he is the head of the Pacific Electric, which has constructed the new line between the two cities, which will give a frequent and first-class service.

The beginning of this through service is an event that has long been looked forward to by the business interests of the city, and it adds another interurban line centering here.

At the same time the Riverside branch of the service on the San Bernardino city service will be rerouted to give a fifteen-minute service between the two cities and Colton. With the single track facilities this service is possible in this city.

The new service will be a vast improvement over the old service, which was a slow and unreliable one.

UNION POLY HIGH.  
The project of a union Polytechnic High School for this city and the surrounding town is fast moving forward. Tonight a meeting is being held in Highland for a discussion of the project, which has been under consideration for some time.

The project is to build a new high school building, which will be a union of the two cities, and will be a vast improvement over the old service, which was a slow and unreliable one.

At the conference last week nothing was accomplished because of the absence of C. J. Walker, fusion and charter candidate to get city jobs that they are filing applications daily for every position in the gift of the Mayor, even to poundmaster. Not content with this they call up his home at all hours of the day and night by phone and messenger.

WATCHING EXPERIMENT.  
Although the Long Beach school district has been ordered by the hygiene department to the school teaching, it is not intended to teach sex hygiene, except as covered by the rules of the department, which limit the work to conferences between parents and the instructor at times when he desires to give advice.

Superintendent Stephens today, speaking on the subject, said the matter was not a moral one, but a question of hygiene, and results of the experiment in Chicago are being watched with interest.

For definite action is taken, and so far as Long Beach is concerned, the experiment is being watched with interest.

The board will go at present, confining the instructor's duties to developing the child through contemplation of characters and incidents exemplifying strength, beauty and purity, rather than through fear and the consequences.

MEANWHILE THERE ARE SEVERAL hundred good citizens and faithful workers who are anxious to get city jobs that they are filing applications daily for every position in the gift of the Mayor, even to poundmaster. Not content with this they call up his home at all hours of the day and night by phone and messenger.

SAME BED BUT  
IN TWO CITIES.

VENICE, Dec. 10.—W. H. Carter is street superintendent of Santa Monica. His brother, H. B. Carter, is assistant street superintendent of Venice. The laws of both cities require them to be residents of the cities they serve, yet they both sleep in one bed.

The Carters occupy an apartment-house on Marine street, on the dividing line between Ocean Park and Venice. They have selected a room which is exactly on the line, and placed the bed in the center of the room. W. H. Carter sleeps on the side of the bed which is in Santa Monica, and H. B. Carter slumbers in Venice, thus overcoming the law.

The Santa Monica Carter, however, complains that it is only by virtue of his watchfulness that his brother keeps his job, because the Venice Carter will not keep on his own side of the bed, crowding over into Santa Monica in his sleep, whereupon W. H. Carter kicks him back into Venice again.

THEY WILL BE SLEEPING the evening of Tuesday, December 23. Plans for the carols were made last evening when the members met at the home of Miss Lenore Hamm, No. 1280 Lincoln street. Singing was the order of the evening, and a program of his compositions was given; Miss Marjorie Gillies, from his works on the piano, and his life was sketched.

Harry A. Lord, No. 1184 Fair Oaks avenue, has been notified by the Pioneer Patent Agency, Hazard at San Francisco, that his patent for a combined air motor and compressor for gas engines has been granted to him for the invention of a combined air motor and compressor for gas engines.

The Western Union Telegraph Company has established a branch office at Mission and Oak streets, near the Cawston Ostrich Farm, has gone to San Francisco. From that point he will visit Chicago, and New York, where they have stores, and his annual inspection trip.

consideration of weakness and impurity. Subnormal pupils are to be segregated and special courses of development studies provided.

CLERKS GROW FAT.  
Robert Spurgeon, John Jordan and Arthur Rife, three clerks, are the objects of envy by their friends who see them gradually rounding out into forms of health not generally gained by employment in the close confines of a store. Sunday morning, after a fast begun thirty-six hours before, they began a diet of fresh milk, and each day consume six quarts daily.

This afternoon they weighed, and each was found to have gained from two to four pounds. The men who put the idea into their heads has announced that after a month's course they can break off their resume food diet with the result that they will continue to take on flesh.

AGGRESSIVE CAMPAIGN.  
Tomorrow night representatives of twelve civic organizations of the city will meet with the Chamber of Commerce and adopt plans for an aggressive campaign in the interests of the harbor bonds, for which an election has been called on January 13. It is planned to make a campaign the most aggressive ever waged in the city for a bond issue.

The \$10,000 bond, if voted, are to be used in extending the San Gabriel jetty and deepening the harbor to thirty feet. The plan was conceived by the Venice Carter, who is now on his own side of the bed, crowding over into Santa Monica in his sleep, whereupon W. H. Carter kicks him back into Venice again.

## Public Service: City Hall, Courts.

**SUMMARY OF THE DAY.**  
The Public Service Committee of the Council yesterday called a meeting with power company officials today, when it is likely the agreement to lease and later buy the power system will be closed.

The Council has called a public hearing of psychics, mystics, et al., next Tuesday morning at 10 o'clock following a resolution yesterday revoking all licenses held by the occult.

The new Humane Animal Commission, named yesterday by the Mayor, contains only one member of the board that was legislated out by the Council.

A suit was decided in favor of a divorced wife by Judge Morrison yesterday growing out of an agreement on the part of the husband to pay her \$3000 if his conduct entitled her to a decree of divorce.

The high price of potatoes in 1911 and the question of whether there is water in the neighborhood of Peris will be thrashed out in Judge Wellborn's court in a suit involving loss of crops by failure to deliver a pumping plant on time.

**At the City Hall.**

## ONE DEBATABLE POINT IS LEFT.

**MAY CLOSE POWER PACT AT TODAY'S CONFERENCE.**

Report of Committee Conferring Advance Reports in "The Times" Provides Grounds for Adjustment. Leaving Open Question of Joint Board of Control on Operation.

Carrying with it every provision mentioned in advance reports in "The Times," the Public Service Committee report was sent to the power companies yesterday with a request that representatives of the companies appear at a meeting this afternoon at 2 o'clock and close negotiations.

That today's meeting will be the final conference between the power companies and the city before the contract to bring about municipal distribution of power is agreed to by both sides, was not the slightest doubt, either on one side or the other.

The committee report, which carries the points of acceptance outlined Monday night by City Attorney Stephens, acting on behalf of the Public Service Committee, was sent to the power companies by Chairman Beckwith. It states that the city is willing to enter into a five-year lease of the power companies system with a request that the city shall make all necessary adjustments during the lease period, and that the operation shall be on "fair terms," the report providing that all disputes between owners and lessees shall be determined by the State Railroad Commission.

Upon all the points both sides are agreed. The only point on which the city and three from the companies differ is on the question of the rate to be paid for the power. The city, it is stated, is willing to pay for the power at a price fixed now by the State Railroad Commission, but the companies insist that the rate be fixed by the city.

The companies suggested that operation of the system be under a joint board of control, three from the city and three from the companies. This is not mentioned in the committee report, although it was tacitly agreed to at Monday's meeting of the committee. Councilman Conwell favors it very strongly, and it is believed that this point will be adjusted to the satisfaction of both sides today. It is the only debatable point left in all the negotiations, and if there is a further delay, it will be because of this one point, which has been left open by the committee.

The report to the power companies is signed by Chairman Beckwith, Councilman Conwell and President Whitten.

**MAN ON THE MYSTIC.**  
TO REVOKE ALL LICENSES.  
To revoke the licenses of clairvoyants, palmists, astrologers and other mystics, Councilman Conwell presented a resolution in the City Council yesterday. The resolution was adopted by the Public Safety Committee, and a public hearing for next Tuesday morning at 10 o'clock.

There is no opposition in the Council to revocation of all licenses and it is due to the fact that the Police Commission lately has been harassed by complaints against clairvoyants and others who have billed scores of persons and who have made their "profession" unpopular by shady and in some cases, unlawful practices. There are twenty permits now outstanding, and a revocation will carry with it a refusal to issue any more.

**NEW COMMISSION.**

**HUMANE ANIMAL BODY.**  
Mayor Rose yesterday sent to the Council the names of three persons to serve on the reorganized Humane Animal Commission. The names were laid over a week under the existing rules. Francis G. Haley, a member of the old commission, is the only one reappointed. From the Society for the Prevention of Cruelty to Animals, William J. Varley, its president, is named to the commission, and the third member is Mrs. Frances H. Weldon, wife of Dr. W. C. Weldon of San Pedro.

Dr. Frank Gordon, chairman of the commission ruled out a resolution, and W. P. Trumbower are removed from the commission work.

**Two New Franchises.**  
The Harbor Commission yesterday awarded a wharf franchise for a 325-foot extension to its present holdings, with the proviso that the city shall pay 1 per cent. of the gross receipts, and with the further proviso that the city's portion does not fall below \$447.66 annually. The San Pedro Transportation Company was awarded a steam ferry franchise to cover a ferry between First and Terminal Island. The city gets 2 per cent. of the gross receipts, with a minimum of \$100 annually.

**On Motion-Picture Board.**  
E. T. Jorgensen is to be the new member of the board of moving-picture censors, succeeding Paul Powell. Mayor Rose penned his appointment last night and will send it to the Council this morning. Since the resignation of Powell some

months ago there have been only six members on the board.

**On Terminal Pact.**  
Secretary Matson of the Harbor Commission, who has been handling the details leading to a terminal arrangement at the harbor, will take up with President Shoup today the terms of the proposed agreement between the city and the Pacific Electric.

**Council Makes Loan.**  
The City Council yesterday authorized a loan of \$25,000 from the city's reserve fund to the aqueduct power board. This was done on the recommendation of the Finance Committee so that the work on the power project may be continued until such time as the city may vote additional power bonds.

**City Hall Notes.**  
The Board of Public Works is now holding its meetings daily at 10 a.m., instead of in the afternoon.

The City Council yesterday adopted the Finance Committee's recommendation for two additional meat inspectors. Four had been named for by Health Commissioner Powers.

The City Attorney has thirty days to complete his investigation of the charges against Inspector Stephens for discriminating against non-union men on city work at the harbor.

**JUDGE FINDS FOR DIVORCED WIFE IN UNIQUE SUIT.**

Husband Had Signed Agreement that If He Treated Her in Such a Way as to Entitle Her to Divorce, He Would Pay Three Thousand Dollars.

Mrs. Ottilie E. Bowden, the divorced wife of Rolandus F. Bowden, a real estate broker, was plaintiff in a unique suit in Judge Morrison's court yesterday. She brought the action to compel her ex-husband to pay her \$3000 on a future good-conduct agreement executed at the time a property settlement, her share being \$12,500, was made and prior to the suit for divorce.

This agreement stated in so many words that Bowden agreed to pay her the money provided his treatment of her was such that it entitled her to a decree of divorce. Owing to his alleged cruel treatment, Mrs. Bowden left him in the divorce court and came into Judge Morrison's court to collect on the agreement. Attorney Stick, counsel for Bowden, held that the agreement was against public policy; also, that no consideration passed between the couple. Attorney Chapman, representing Mrs. Bowden, held the agreement to be valid.

Judge Morrison found for Mrs. Bowden on all points. He stated that the moving consideration entering into the property settlement was the agreement on the part of Bowden to pay his wife the \$3000 in the event that he did not treat her kindly, and in the event that his conduct entitled her to a decree of divorce.

He found that Bowden did treat his wife in a cruel manner, sufficient to justify her in suing for divorce. He further stated that Bowden deserved little consideration at the hands of a court of justice. There was a judgment for \$3000, and \$500 was awarded \$4000 by the jury. The company admitted liability.

Attractive Woman, With Bad Record in the East, Released From Jail, But Must Stay Here.

Hazel Thorpe, an attractive woman just out of her terms, who wears man's and woman's clothes with equal grace—or disgrace—and consorts with criminals, was released from the City Jail yesterday. She is to be driven from the city.

Relating a fascinating tale of her escapades as being a harmless eccentricity, the girl persuaded many who talked with her that she is above reproach. Detective George Home, whose new flying squad arrested her, permitted her release on condition that she leave the city.

Records from eastern cities show that the woman is an accomplished actress, and has a record that is anything but creditable. Her attractive manner and appearance have permitted her to travel about the country in man's garb. Her consort, the detectives have found, is a pickpocket who left her as soon as he found her. Her consort, the girl is trained to "stall" the victims of the pickpockets, and while they are talking to her, her accomplice loots their purses.

No evidence was found against the woman that would be sufficient to convict her in the local courts.

Mrs. Lipp declared that he was her for eight months, and she wanted the money for the three minor children.

Lipp looked at his wife's headgear, and exclaimed:  
"She's wearing a \$40 hat. Your Honor," indignantly declared Mrs. Lipp, who conducts a rooming house.  
"I haven't had a new suit of clothes for a year," continued Lipp, "and my wife and daughter have each owned a new dress for a year. Judge Monroe ordered Lipp to pay \$15 a month and advised Mrs. Lipp to treat her ex-husband less harshly."

Hereafter such tickets, 100 trips for \$5, have been sold to workmen in the company's shops, good for one year from the date of issue. It also was stated that no application blanks for employees' tickets for next year had been received at the Pittsburgh office. As a rule, tickets are available for the employees at expiration December 1, and the fact that they have been given out caused passenger men to believe that the advance hereafter available for employees would be discontinued.
